MUSIC PRODUCTION BOOT CAMP

The Music for All Music Production Boot Camp curriculum is an immersive music production experience for high school students. Participants will study with award-winning recording engineers and producers in a state-of-the-art facility. The Production Boot Camp experience is total immersion and hands on production. Work with professional musicians and recording engineers as they record, mix, and master a production. Learn the music theory behind some of your favorite hits and hone your own songwriting skills.

In a 10,000 square foot state of the art facility, students learn acoustics and recording techniques for electric and acoustic instruments. You will gain production skills for multiple genres such as Hip Hop, RnB, Rock, Jazz and classical recordings. Make your own beats and produce your own mixes with professional guidance. Learn the basics of the industry standard Pro-Tools at an AVID certified institution. Learn Pop and Rock theory from University-level songwriting and theory instructors. Learn the social media and marketing skills that will give you the edge in promoting your projects.

This is a no-compromise immersive experience. You will have an unparalleled amount of practical experience and studio time.

- Gain production skills
- Produce your own beats
- Work side by side with professionals
- Do hands on recording sessions with pro musicians
- Learn to record and mix
- Work with the finest gear available

Award-winning music producer, Yamaha Artist, and recording engineer-in-residence

Participant Expectations/Preliminary Selection

This is the summer experience for you if you have strong ambitions in music production and recording. You should already have done some home recording with your computer and know the basics of producing your music on your DAW. If you write songs, you should have some recordings of them and ideally know how to write them out in a lead sheet form.

Songwriting Placement On the first day we will ask you to either perform or play back one of your songs in front of the instructors. This is to place you into the right level of songwriting and production classes, so that you can make the most out of your summer camp experience.

Final Concert If you placed into the Level 2 songwriting class then the instructor will work with you one on one to get your song performance ready, and the professional MFA band will perform your song at the final concert.

To apply, register at musicforall.org/camp. When you select Music Production Boot Camp division you'll be asked to submit:

1. Samples of previous recordings and productions
2. A brief description of your work and ambitions
3. A completed questionnaire

Since we want to ensure ample studio time for every student, the total number of participants is limited. Apply as early as possible to ensure a spot.

DAILY SCHEDULE (example)
