No one needs a title to lead!
Any student who wants to make a difference in their band, choir, orchestra, school, or community can join us. You don't need a title, or any pre-selected, designated leadership position, to attend this weekend!
LEADERSHIP WEEKEND EXPERIENCE

High School Students: Interact with band, choir, and orchestra students from across the country at one of the premier two-day leadership programs created specifically for music students. Immerse yourself in a non-stop, interactive, leadership learning lab you simply will not find anywhere else. All students experience immersive and interactive leadership learning with rotating large-group, small-group, and experientially-engaging sessions. Special guests share their insight inspiring everyone to understand that the world needs smarter and better leadership from everybody. Students will learn the leadership mindset and skills that last a lifetime. How to pay attention, respond appropriately, and make things happen with others in a constructively positive way. Discover why we develop more student leaders in the music education world who truly make things happen and take the lead.

Directors: Do you want more of your students to participate positively in your program? Can you imagine what would happen if all your student leaders constructively brought to life the leadership lessons you talk about? At Music for All’s Summer Symposium we turn talk into action, involving your students in many unforgettable, hands-on activities for team building, problem solving, and leadership learning.

Parents: Did you know research shows pre-college leadership experiences predict most of the variance in college leadership outcomes? That means when students learn to lead in high school, their success in college leadership opportunities increases significantly. Give your student the positively life-changing experience of developing more of their future long-term leadership potential at the Leadership Weekend Experience.

First-year participants: Share a series of sessions with Fran Kick, Scott Lang, Frank Troyka, and a fantastic faculty of leadership educators. You will gain the insight in understanding other peoples perspectives, how to balance your leadership approach with others, while creating collaboration and commitment.

Returning participants: Come back for more time with Dr. Tim Lautzenheiser and Fran Kick. You will explore trust-building and team-building principles essential for group success in music and beyond. Travel off-site to an experiential ropes course and be challenged-by-choice as you reach beyond where you thought you could go. Learn the horse-whispering secrets of communication utilizing increased awareness without having to use force, power, or control.

Fran Kick and a fantastic faculty of student leadership educators will inspire students to Kick It In® and Take the Lead. Having worked with Fran for over two decades, Music for All shares in his passion and mission to develop student leadership in all students, rather than just let it happen with a selected few.
